

TETRA TECH

January 25, 2018

Mr. Jason Pelton  
New York State Department of Environmental Conservation  
Division of Environmental Remediation  
Remedial Bureau D, Section B  
625 Broadway  
Albany, New York 12233-7015

Reference: CLEAN Contract No. N62470-16-D-9008  
Contract Task Order WE09

Subject: 2018 Poly- and Perfluoroalkyl Substances (PFAS) Groundwater Investigation Work Plan  
Naval Weapons Industrial Reserve Plant (NWIRP) Bethpage, New York

Dear Mr. Pelton:

On behalf of the Department of the Navy, Tetra Tech is submitting the subject document to the New York State Department of Environmental Conservation (NYSDEC) for review and concurrence. This investigation is being conducted to evaluate the potential release of PFAS by using existing groundwater network located at NWIRP Bethpage. The Navy respectfully requests that all comments on the enclosed Work Plan be submitted within 30-days of receipt. This is necessary to allow the Navy sufficient time to address stakeholder concerns while maintaining the overall investigation schedule.

If you have any questions please contact Mr. Joseph McCloud, NAVFAC Mid-LANT, at [Joseph.McCloud@navy.mil](mailto:Joseph.McCloud@navy.mil) or (757) 341-2010.

Sincerely

David D. Brayack, P.E.  
Project Manager
